

Dinosaurussen

werkboekje

van: _____

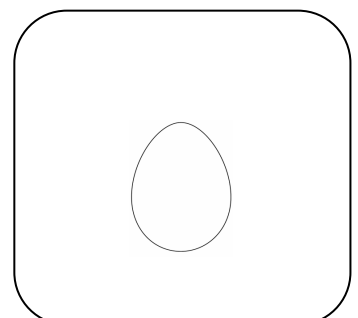

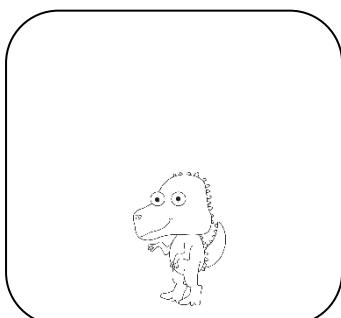

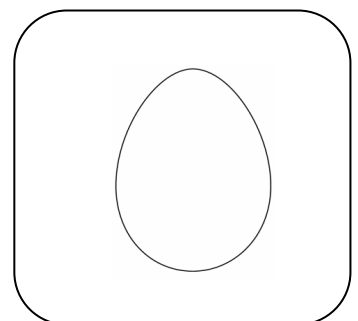

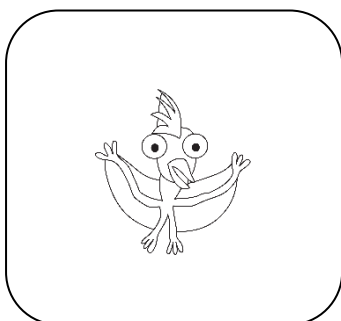

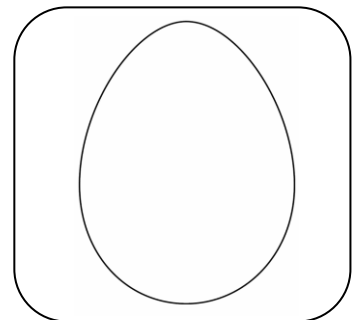

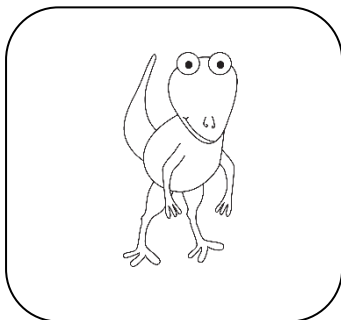

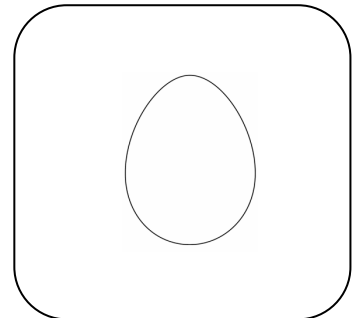

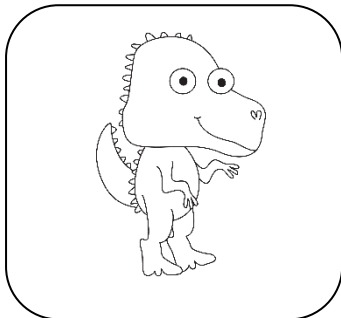

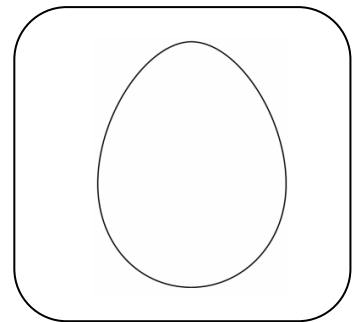

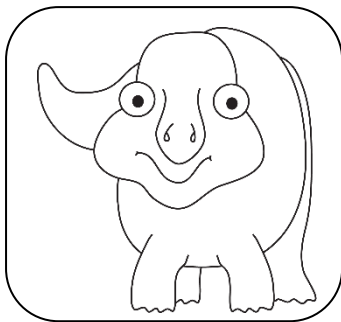

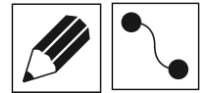

Visuele waarneming

Welke schaduw hoort bij welke dino? Trek een lijn.

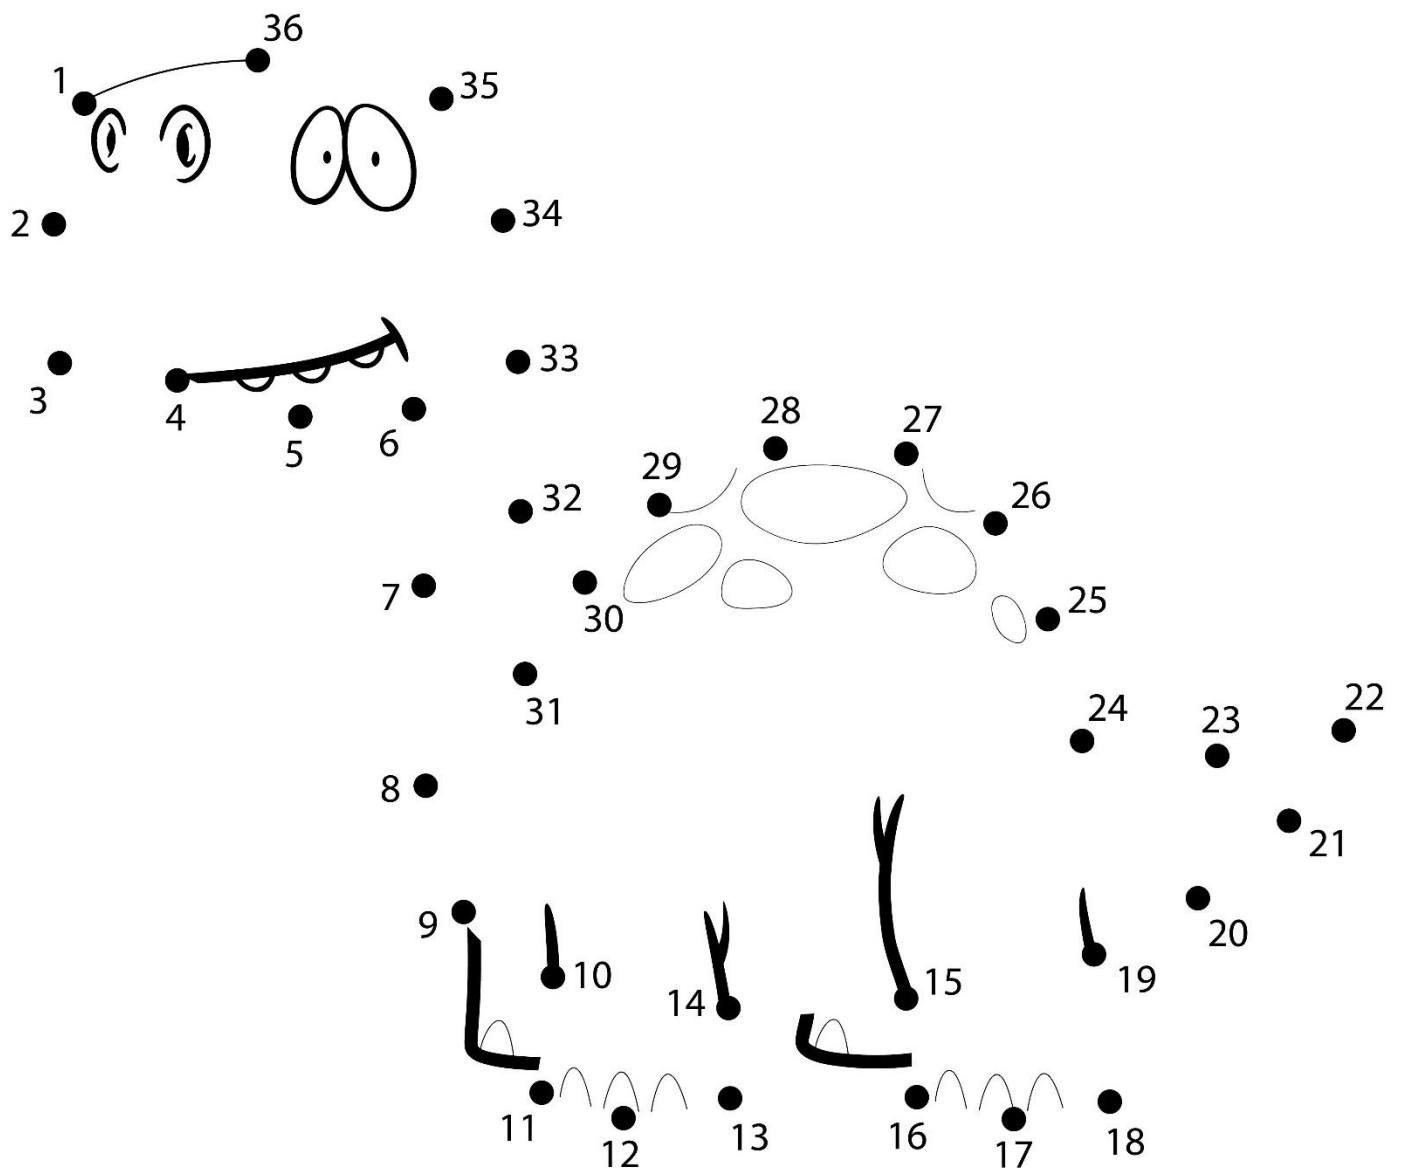

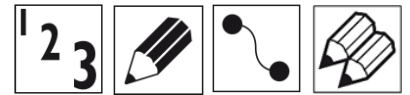

Meten

Welke dino komt uit welk ei? Trek een lijn.

Cijfertekening

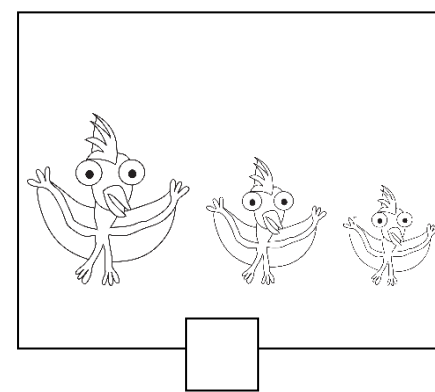

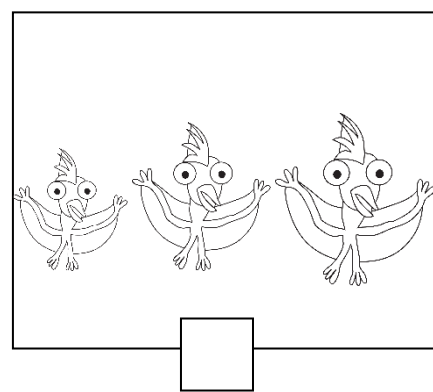

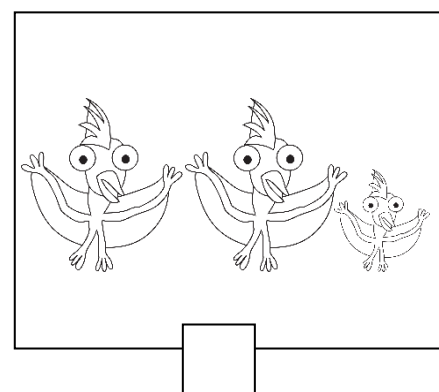

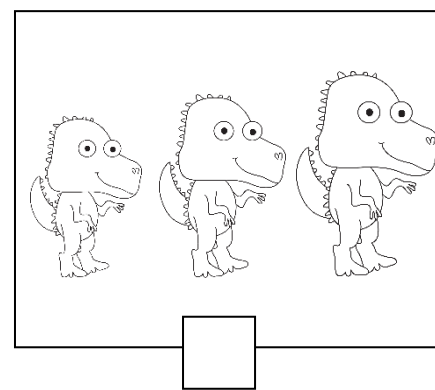

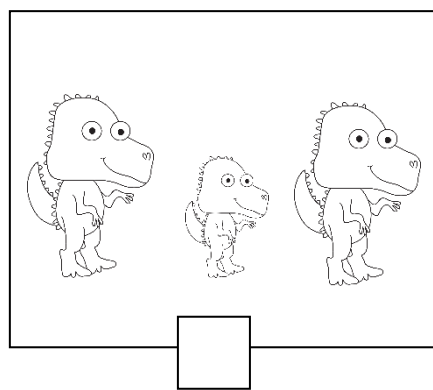

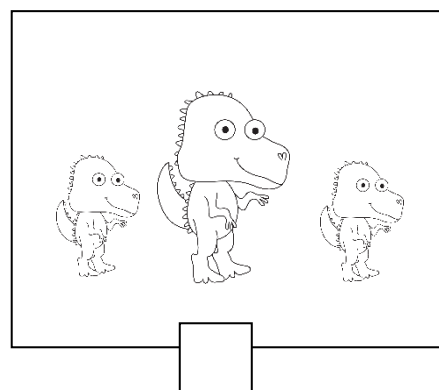

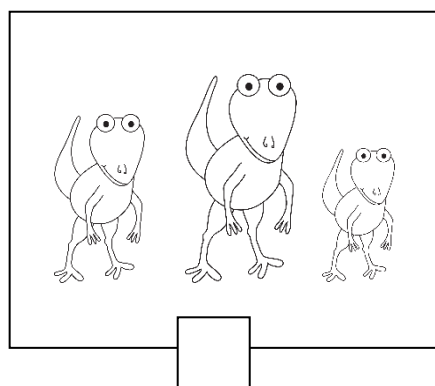

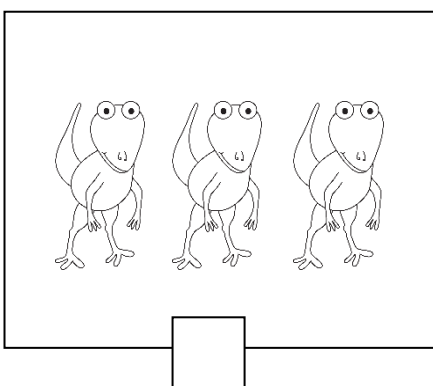

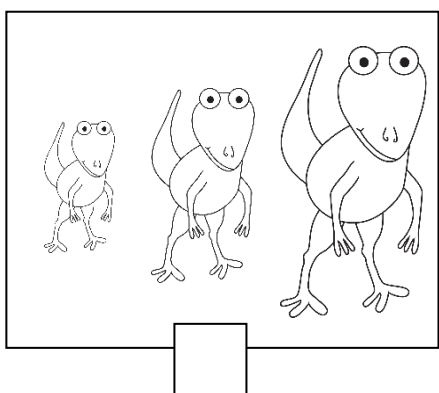

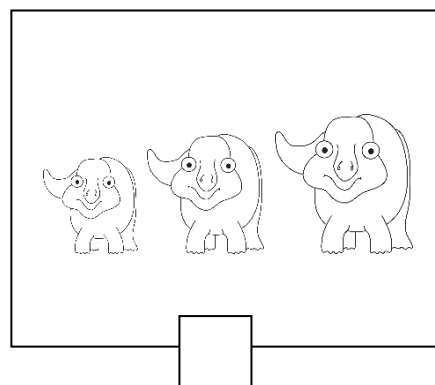

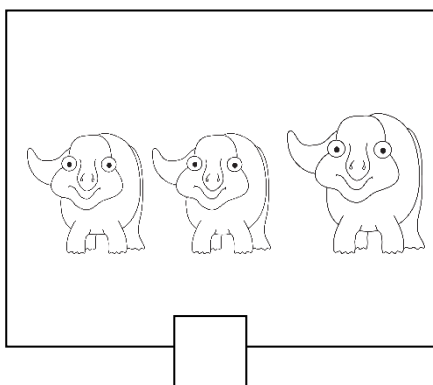

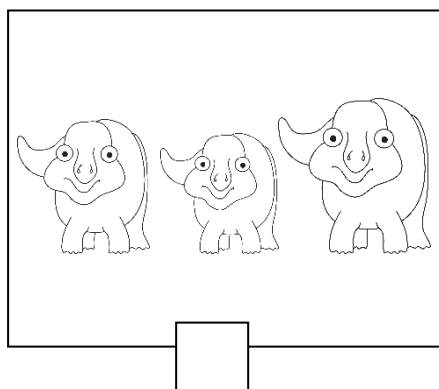

Volg de getallen. Wat ontstaat er? Kleur de tekening in.

Seriëren

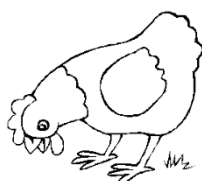

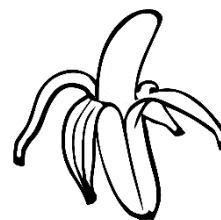

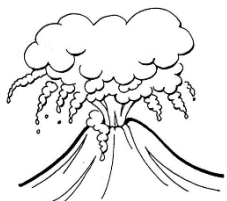

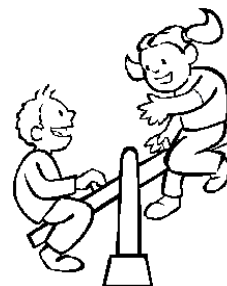

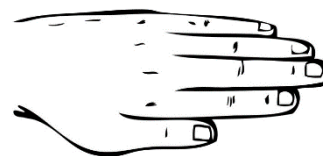

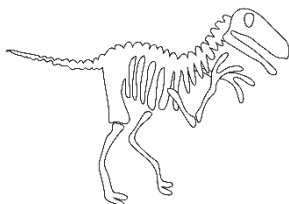

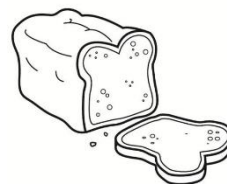

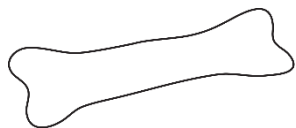

Waar zie je van klein naar groot? Zet een kruisje in het vierkante vakje.

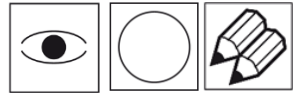

Rijmen

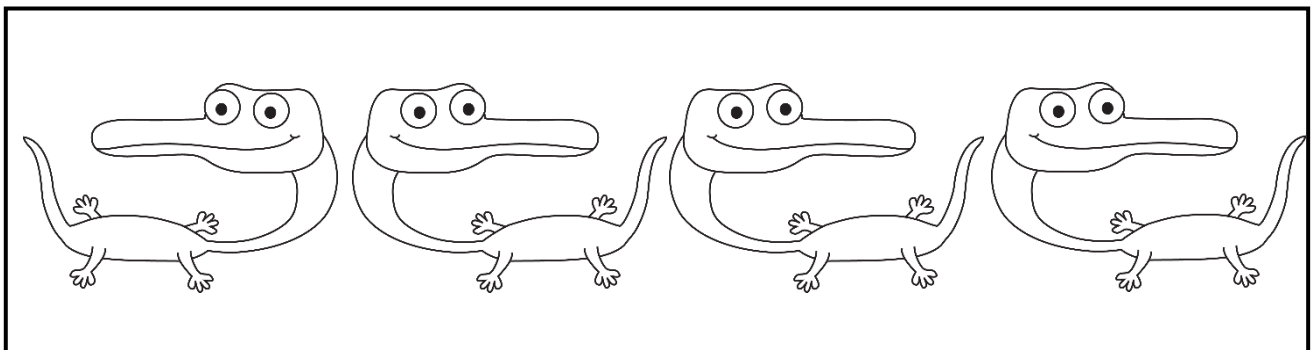

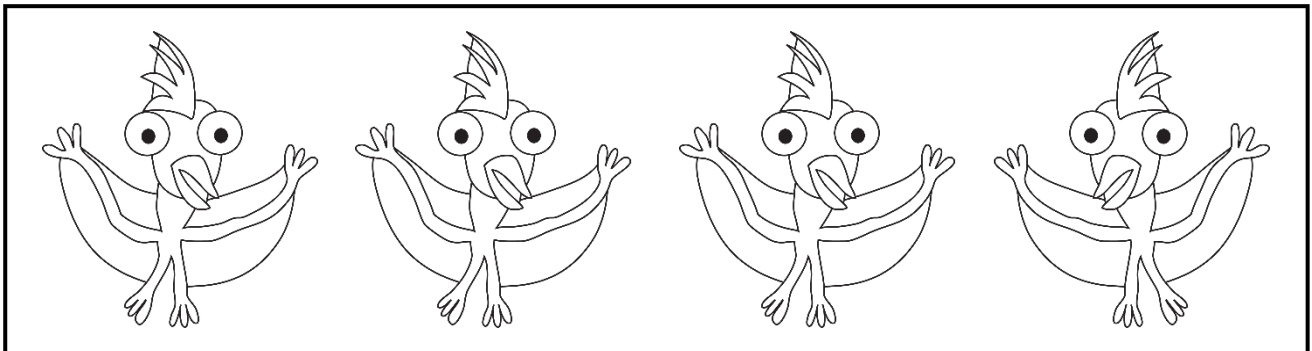

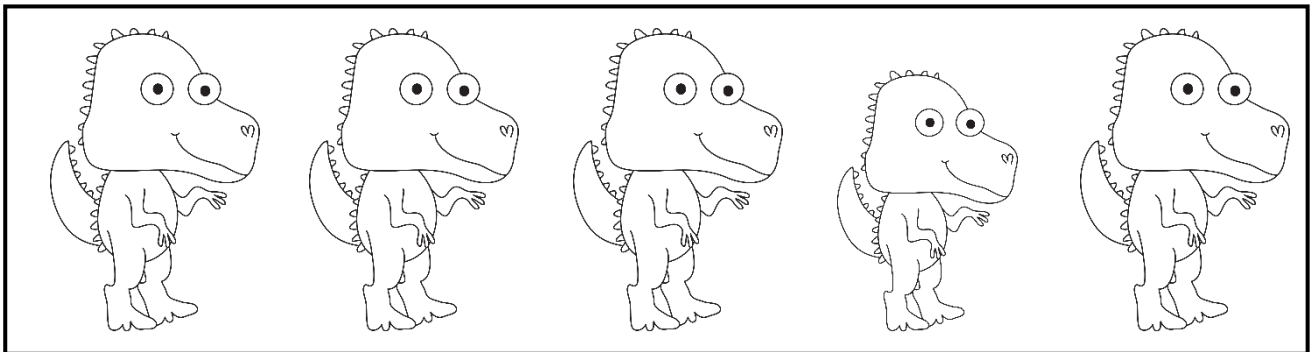

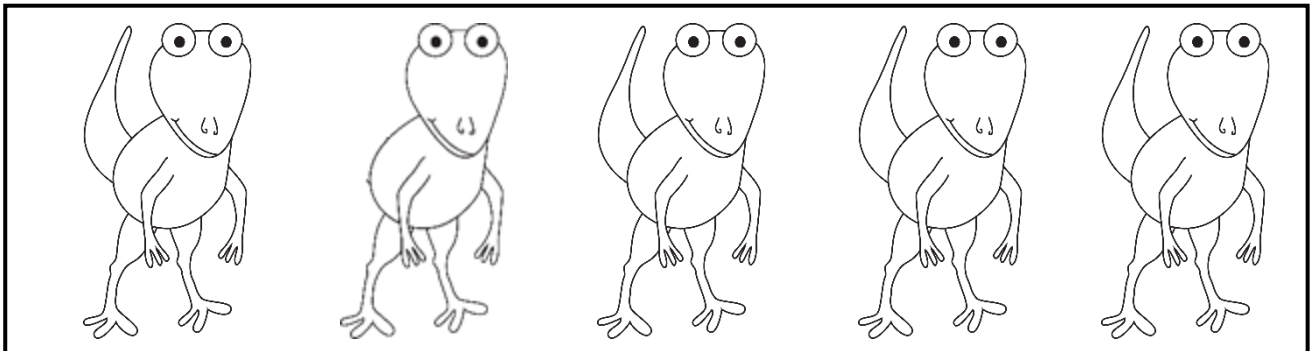

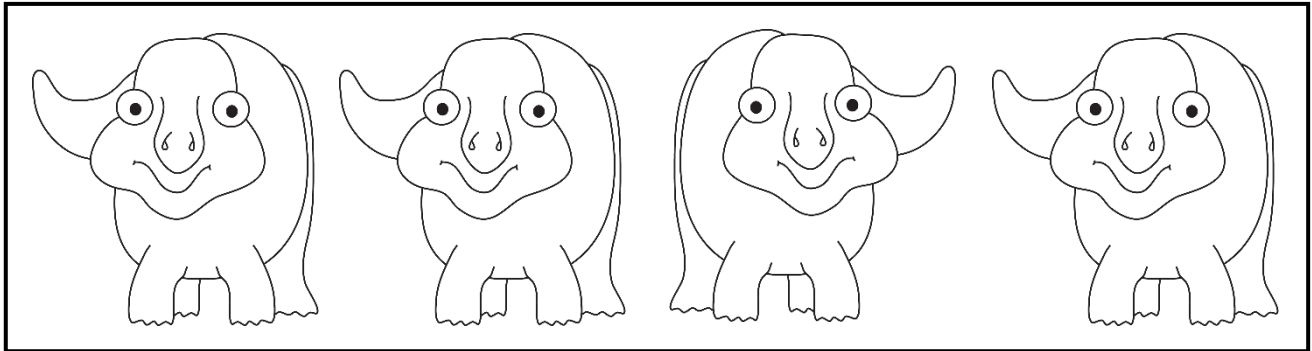

Kijk naar de plaatjes. Er rijmt telkens iets uit de eerste rij op iets uit de tweede rij. Trek een lijn. De woorden zijn: bot – pot, poot – brood, skelet – pet, plant – hand, vulkaan – banaan, kip – wip.

Visuele waarneming

Welke dino is anders? Kleur deze of zet er een cirkel om.

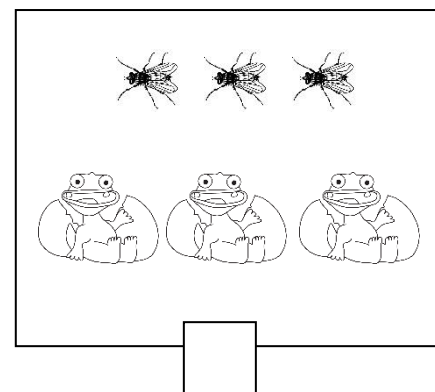

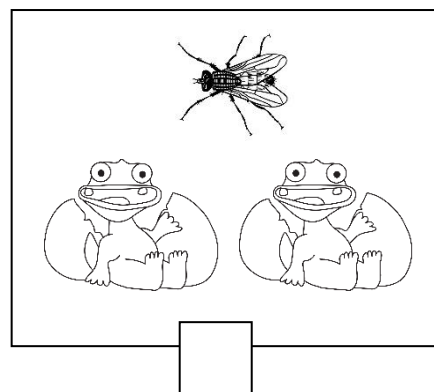

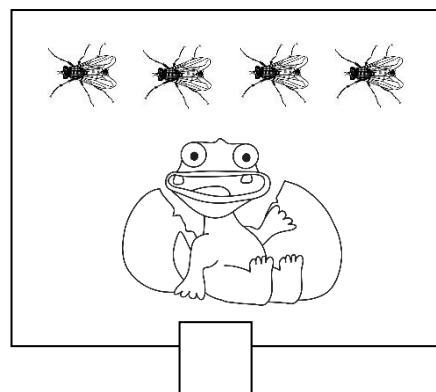

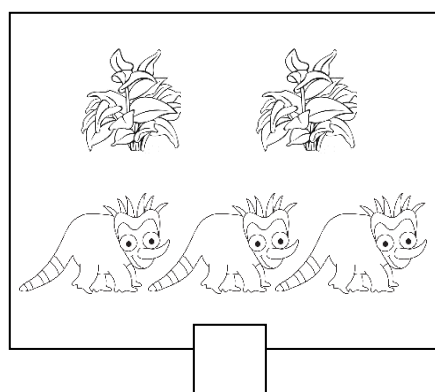

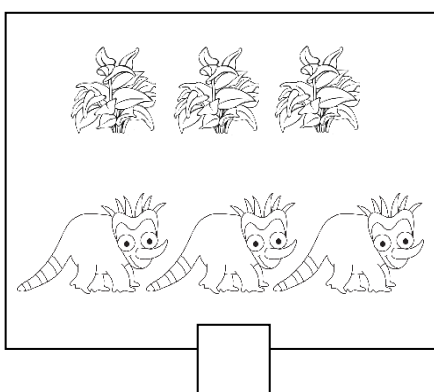

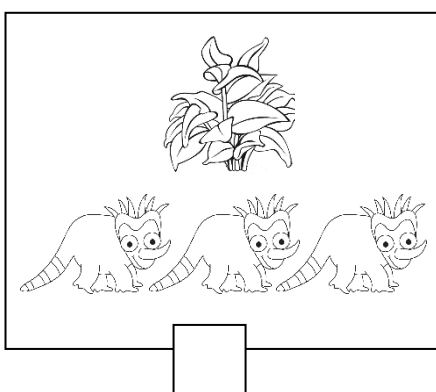

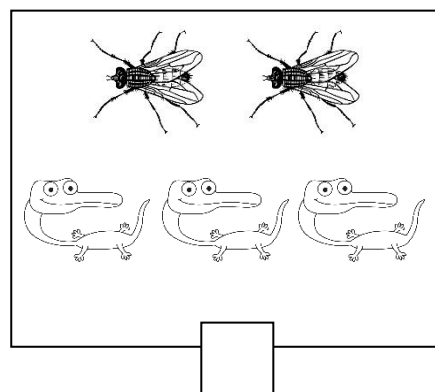

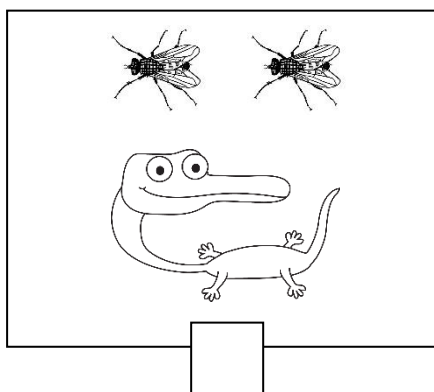

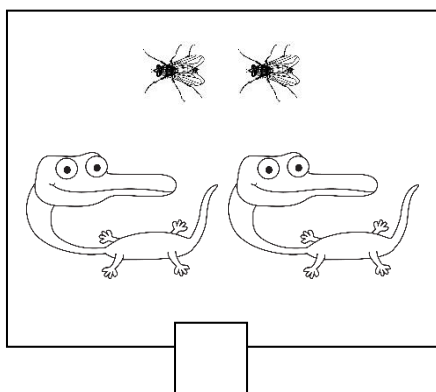

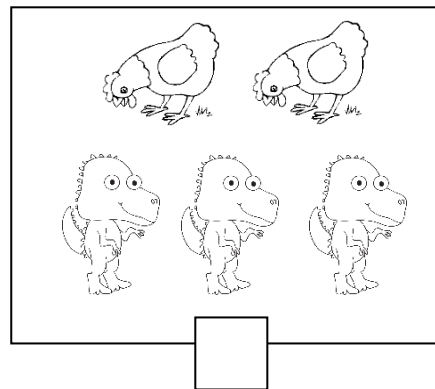

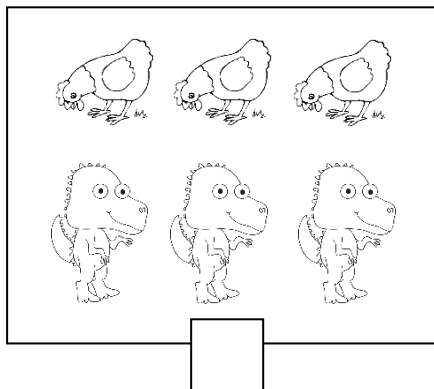

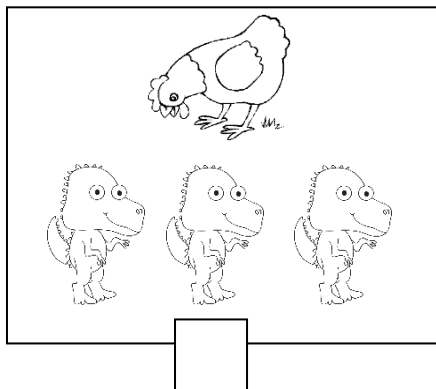

Evenveel, meer en minder

1 2 3

Waar is precies genoeg eten voor de dino's? Niet te veel en niet te weinig?

Zet een kruisje.

Stempelen

Kijk naar de woorden en schrijf of stempel ze na.

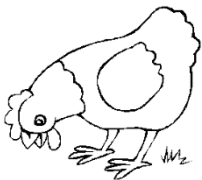

bot

Empty rectangular box for stamping or writing the word 'bot'.

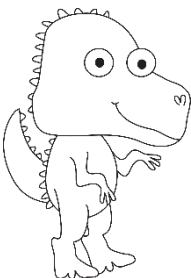

poot

Empty rectangular box for stamping or writing the word 'poot'.

kip

Empty rectangular box for stamping or writing the word 'kip'.

dino

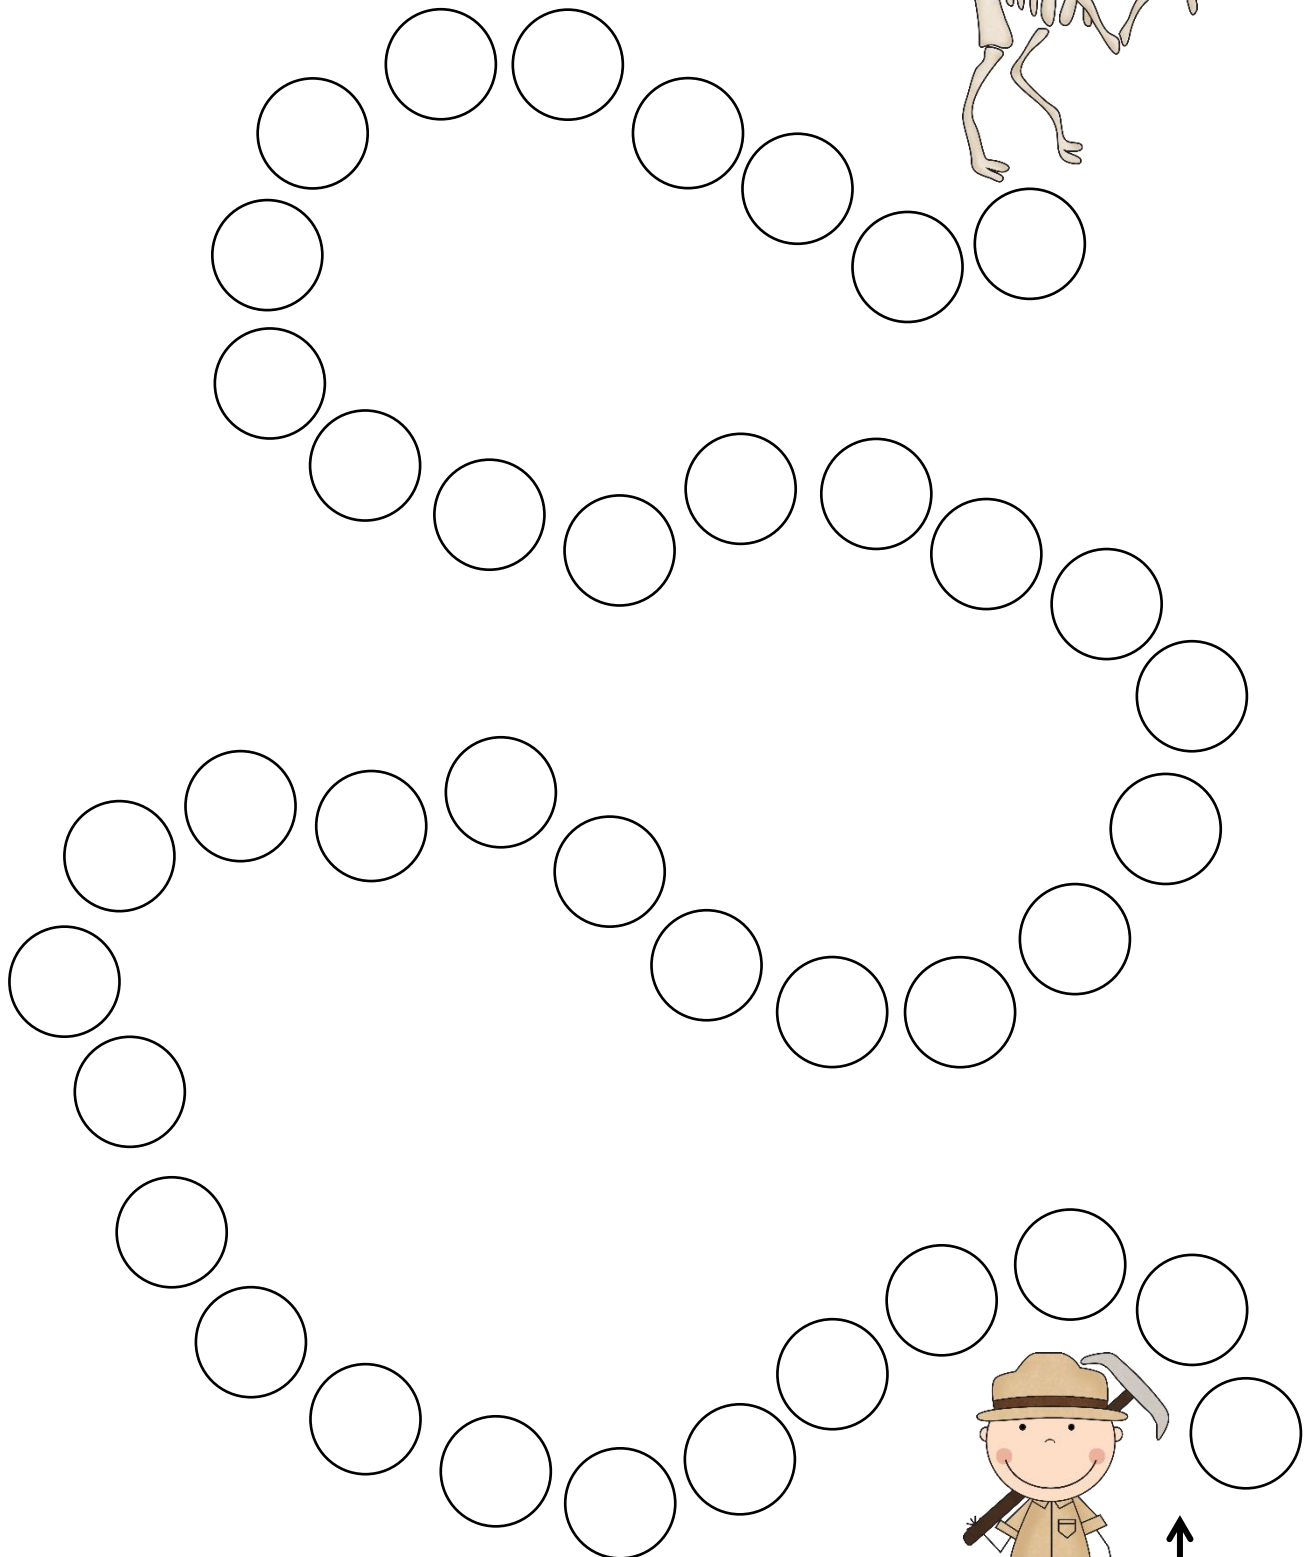

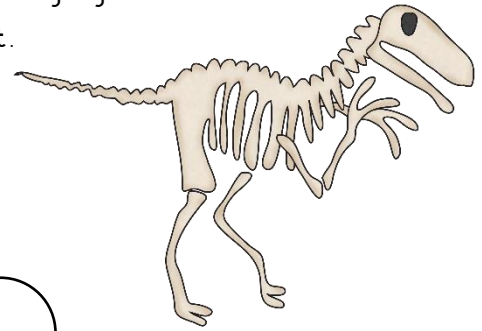

Empty rectangular box for stamping or writing the word 'dino'.

Naar het dinoskelet - dobbelspel

De paleontoloog is klaar voor een onderzoek. Dobbel hem naar het skelet.

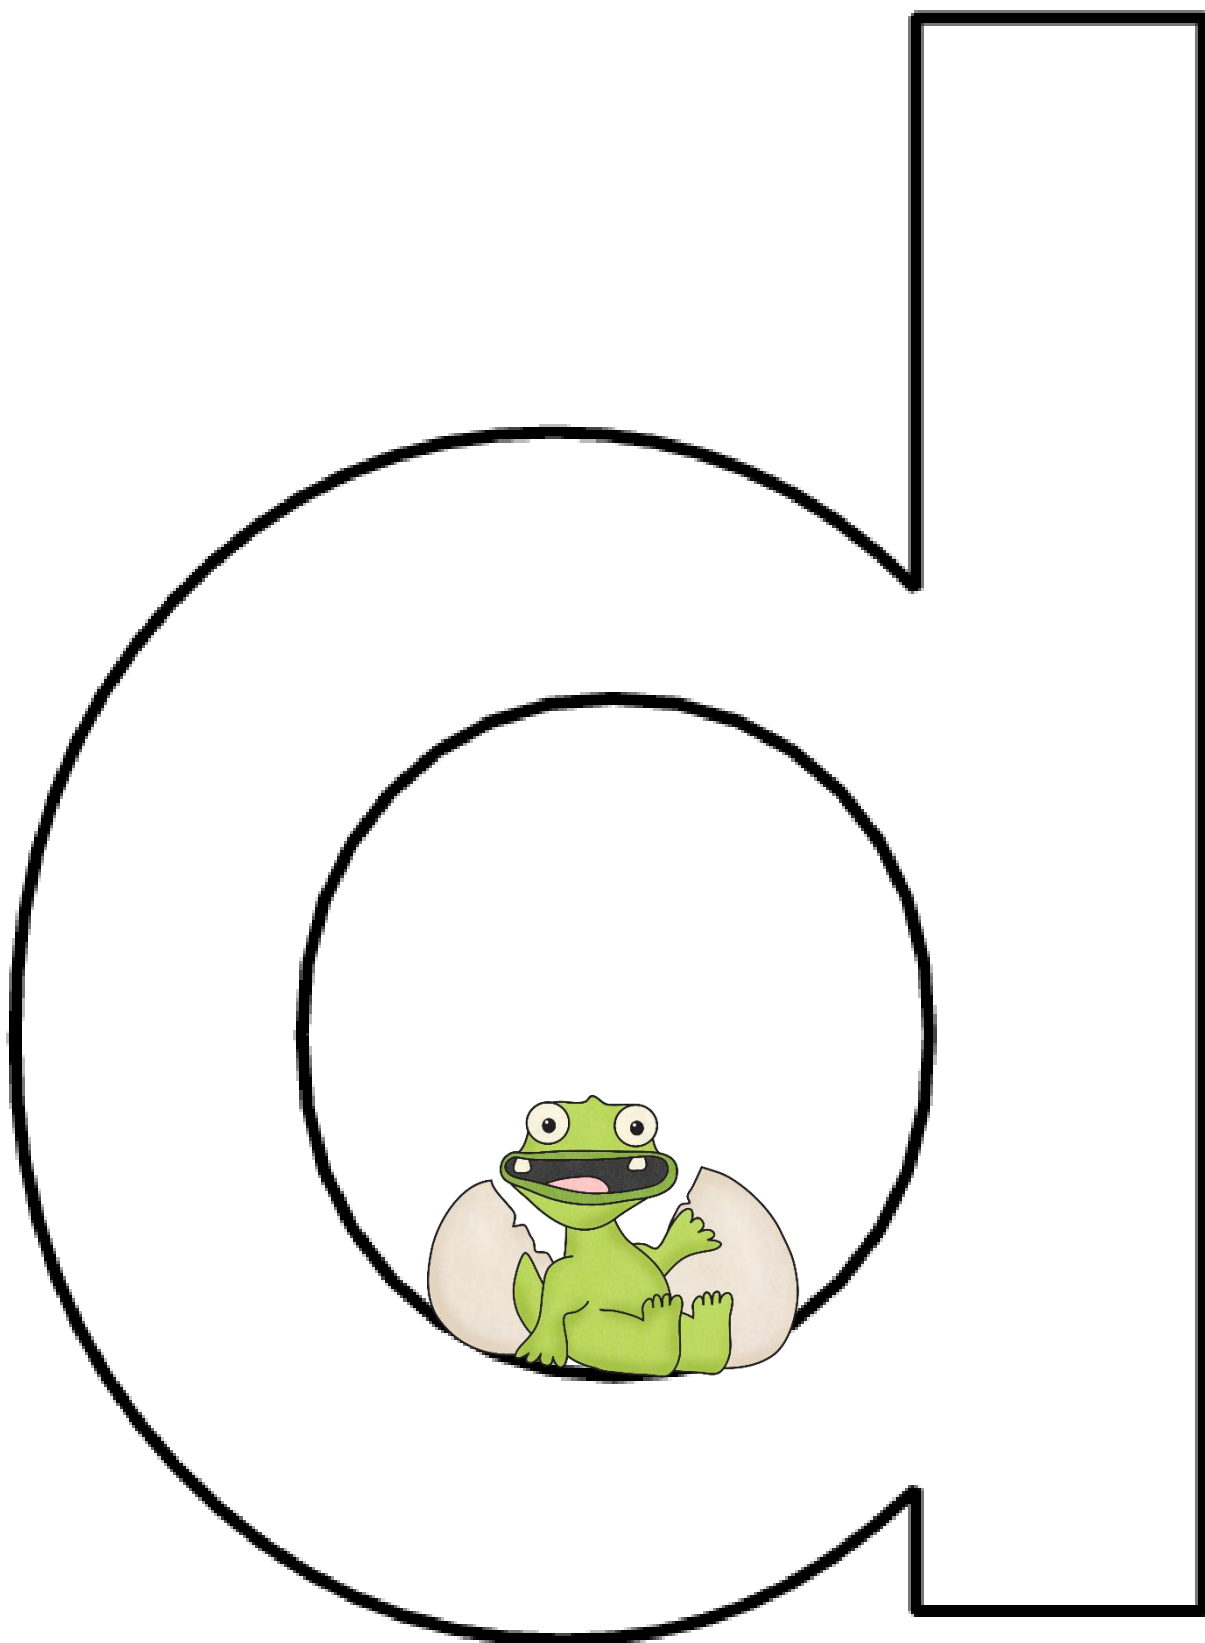

Gooi met de dobbelsteen en kleur het aantal cirkels gelijk aan het aan gegooide ogen. Ga door tot je bij het skelet bent.

Klanken en letters - de d van dino

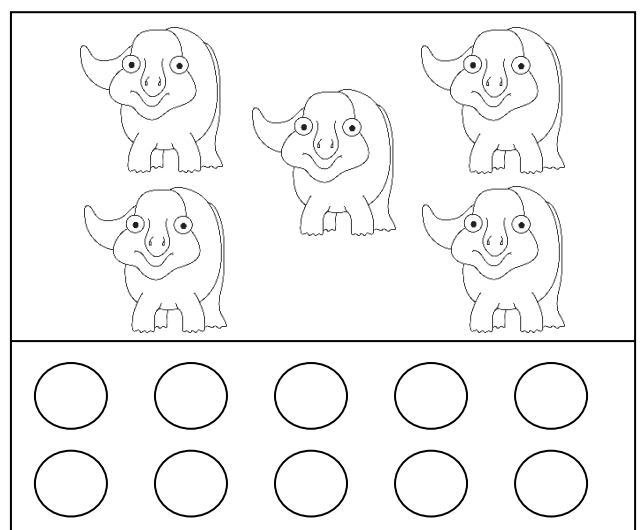

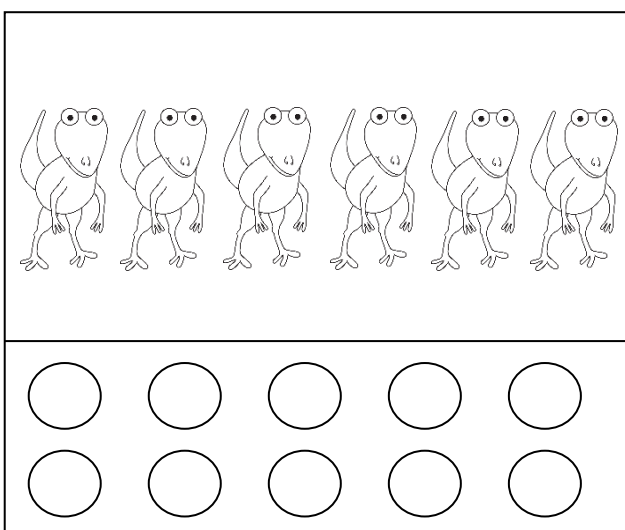

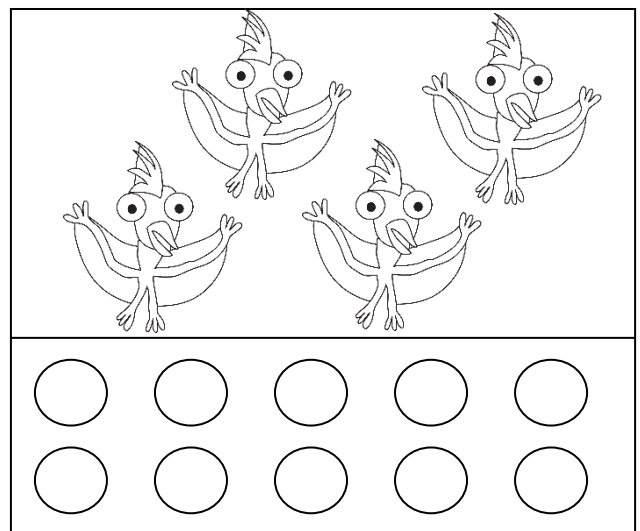

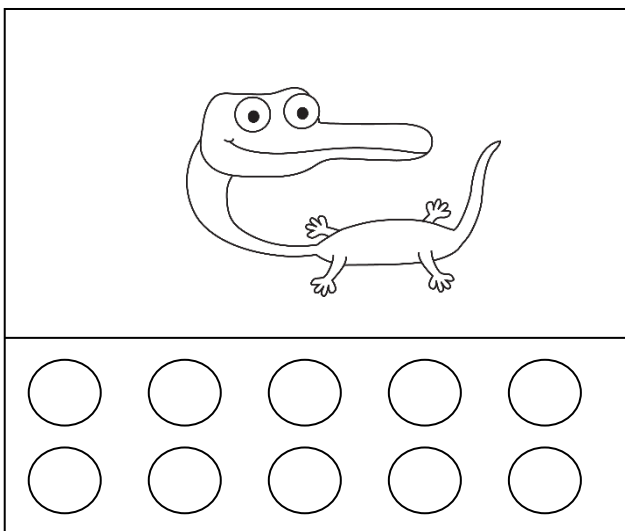

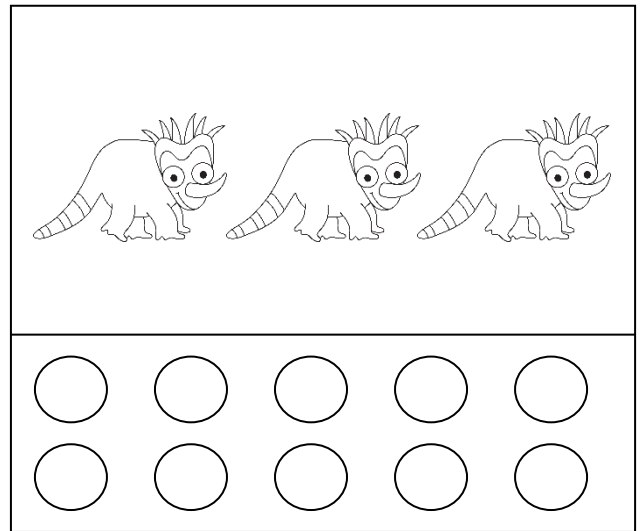

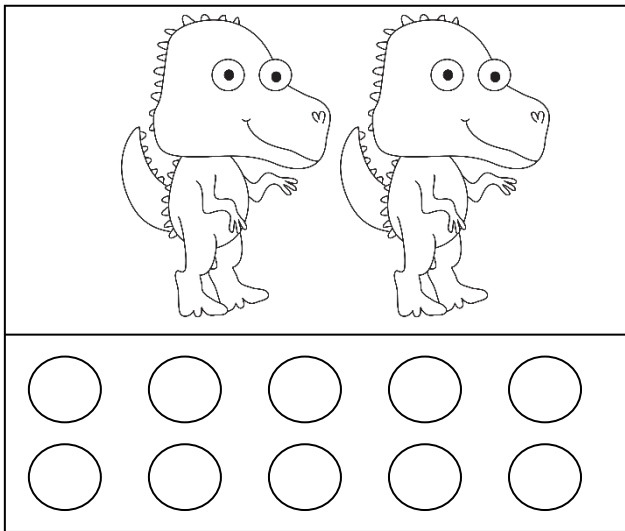

Ga in kranten, tijdschriften en reclamefolders op zoek naar de letter d. Plak de grote d vol met kleine d's. Je kunt ook op zoek gaan naar plaatjes van dingen met de d-klank vooraan zoals een dino, draak, dop of drinkfles. Plak ze bij de letter.

Werkblad tellen

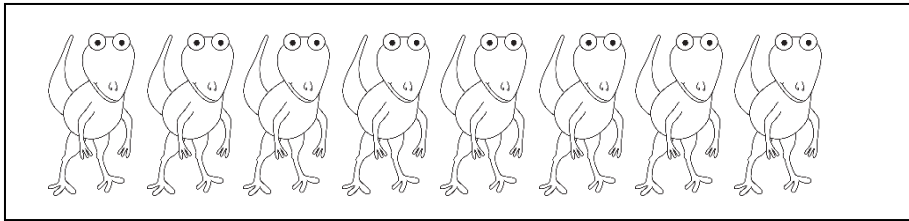

Tel en kleur net zoveel rondjes.

Werkblad tellen

Hoeveel zijn er? Tel en trek een lijn.
